

## PET WAIVER

LESSEE has requested to take a pet on one of the Anchors Away rental boats and has been informed and agrees that should their pet cause any damage to the cushions or any other part of the boat that they will be responsible for any and all costs associated with replacing the damaged boat cushions or any other damaged parts of the boat.

The LESSEE further understands and agrees that in certain situations, if one cushion on the boat is damaged, it may be impossible to replace only that one cushion if the matching fabric is no longer available. In that situation, all of the cushions on the boat would need to be replaced so that all of the cushions on the boat match. The cost to replace all of the cushions on the boat can be as much as \$4,000. Obviously Anchors Away Boat Rentals would do our very best to match the fabric, so replacing all of the cushions would not be necessary, however, LESSEE is aware, and willing to take financial responsibility, should this worst case scenario occur, and the cushion fabric cannot be matched.
